Radiant twinkling savoir faire,
Archetypal prophet intuitive dare –
Spring time lover carpenters soul,
Healing our hurt making us whole.

A novel unconscious strangely worded,
Engaging conversationalist half introverted –
Pirate poet spiritual agency,
First there in this our emergency.

Aware the tear drops world around,
Values goodness upside down –
Making connections history unraveling,
Adapting forgiving definitely traveling.

Hope you accept jolting cases,
Unthinkable hopeless revolting places,
Dogs and children all beseech thee –
This assignment won't be easy.
