

Anne

Waiting the light at a busy intersection,
Absorbed in an unexpected Self-reflection –
Began at the concert or was it the bookstore,
Moments referencing Something more.

Everyone's sister, favorite aunt,
Figures out a way, never says can't –
Awesome Partner, improv Storyteller,
Coltrane and appetizers, dinner stellar.

Adaptable, practical, Life as dialogue,
Steps, words, from overture to epilogue –
At the turning point for Humanity,
Systemic failure or Global Community.

Everybody knows, Change can be difficult,
Fear can extend from start to result –
How things happen, why paths cross,
Were it predictable would be our loss.
