In a slowly waking ocean dream,
Waves, shells, firmament theme –
Driftwood strewn deserted beach,
Seaside footsteps moments reach.

Warm, spontaneous, Earthen Mind,
Confidence, compassion, art entwined –
Vianne's chocolat, vein Shangri-La,
Self-liberated Andromeda.

Emerald pendant, lilac fleurette,
Sooner the Garden the rain forget –
Dark sands, fragrant with sea,
World as were Eternity.

Just as the first Quarks shared a chance,
Some say to make music, others to dance –
The Moon says You're One to risk it all,
Court the horizon to answer Life's call.
