Romain

Daring swallows dart through morning,
Arrowed wings zip swoop soaring –
Midnight blue flash of golden breast,
Loving performance for every guest.

Reading the moment/escaping borders,
Traveling another spacetime order –
Scanning bookshelves/gallery walls,
Grateful each other's response/calls.

Perceiving patterns/discerning storylines,
Perfect companion decisive times –
Compassionate/good from the start,
Sensitive/forgiving/intellectual heart.

Needless suffering/species erasures,
Wild fires/melting glaciers –
The future depends on a real alternative,
To ego cultures' metanarrative.
