

Björk

Closing scene everyone knew,
Winter mountain road adieu –
Endless snowflake headlight shower,
Cabin weekend one more hour.

Fireplace cast shadows call,
Memories cascade façades fall,
Easy urgency oil lamp nights –
Gone quick as deer take flight.

Mind searches heart motivates,
Keeps yours with hers never hesitates –
Finding ways to promised times,
Lifelong reading entangled lines.

Well aware the world adrift,
Planet headed catastrophic rift –
Asked to dance a saviors role,
Bring compassion back our soul.
