**T**hunderous horses rock the plains,  
Dark clouds pulse lightning veins –  
Heaven opens rain pours down,  
The prophesized has come to town.

**W**ho could imagine this much trouble,  
Metamorphic brew about to bubble –  
Card holding eyes poker face bold,  
Never doing what asked what told.

**W**itty ironic romantic friend,  
Great River swimmer/transformational end –  
Play's the pathway human becoming,  
Zeitgeist heartbeat Eternity strumming.

**D**ramatic/intuitive/if childhood clear,  
Could break the chains greed and fear –  
Lead the lion take the next step,  
Create trust/love the lamb accept.
