

Danielle

Leaves blush / quake / trees quiver,
Float crimson down mirror river –
Friendships eyes / loquacious smile,
Elegant / composed / hint of wild.

Epic microtheatre / galactic stage,
Fairy were it a fairytale age –
All her studies / scenes excelling,
Enchants you with her storytelling.

Unbelievable magic serious fun,
Play the masquerade comes undone –
Animal lover / secret heart,
Likes to finish what she starts.

Kafka-esque dreams / unreal times,
Endless moments / drifts sublime –
Where we going Saturn asks,
What's the point informs her tasks.
