

Evelyne

Autumn shadows winter moon,
Cafés/store aisles/her own room –
Starring role in a galactic theatre,
Surmising the scene that's coming later.

Up from earth out of the blue,
Similar plot twist ancients knew –
Dream/coincidence/intuition,
Unmasking the mystery a future permissions.

Scheherazade days snowflake nights,
Banquets/soirées/Moroccan delights –
Serious work/Odyssean tasks,
Friendships the edge of forever asks.

Year after year in ways none expected,
In and out of unpredicted –
Ringing the bell/knocking on the door,
Knows the place Life's looking for.
