Enchanted autumn evening time,
Room an eternal pantomime –
Shrinking days deepening skies,
Secrets magic mysterious eyes.

Courting season burning leaves,
Molten lava meets the sea –
Equality freedom all loves needs,
Caused out drama guaranteed.

Radically honest carefully true,
Memories promises endless clues –
Never denying feelings matter,
Weeks fly years scatter.

Tomorrow hinging on something new,
Beginning absolutely up to you –
With your networking capabilities,
Role playing goal loving possibilities.
