

Katie

FROSTED fallen Autumn leaves,
On time's loom her story weaves,
High hawk's soaring confidence –
Wise woman in Earthly resonance.

DRAMATIC poised and serious,
Quantum mechanical and curious –
Taking on challenges persevering,
Even as the hard parts nearing.

SEARCHES roots checks directions,
Draws conclusions from introspections –
Friends in the woods in ivory towers,
Friends forever in every hour.

NOW the lavender horizon rises,
Horses conspire no end to surprises,
As she steps from the deepest shadows –
Hope she's clear what vision follows.
