

Michael

From marble serene to dazzling fountains,
Windswept river autumn mountains,
Trees in masquerade fluttering red –
Worlds about you could be said.

Fallen stardust / spill of leaves,
Aware the living theatre grieves –
Natural born for the stage,
Wherever / whatever age.

Secretive / passionate / yes invited,
Venus promised your love requited –
Chameleon skills simply magic,
A part in rescuing the play from tragic.

Reliable / hard working / not giving up,
Despite the twist the plot erupt –
Can you discern helpful patterns,
Key your role says planet Saturn.
