**A**utumn sidewalks red dress trees,  
Deer bewitched with mystery –  
Burning secrets fallen dreams,  
Spring disguised with shades of green.

**C**obblestone streets evening time,  
Universal paradigm –  
Strawberry mousse rainy day kiss,  
Theatre ancient ocean wish.

**S**ummer memorys magic sequel,  
All the talk could never equal –  
Walk with you along the shore,  
Creating what we came here for.

**G**iven semiotic change,  
Saturn say despite how strange –  
Place in such cruel condition,  
Only hope a phase transition.
