

Natasha

Redwood shadows forest time,
Listening nirvanas silver chimes –
Along the pathway creatures wait,
Finned in sea winged at gate.

Buddha's temple, Divine Love's throne,
Formulae for friendship all well known –
Spiraling galaxies mountain aster,
Reaching for happiness ever after.

Motivated honest and responsible,
Skills trajectory admittedly purposeful –
Always knew where wanted to go,
Heart of the matter beloved know.

Meaning of equality needs re-spin,
Liberation movements woven back in –
Purple green yellow red,
Magic carpet from a thread.
