

Sharon

Rustling sidewalk autumn leaves,
Wind no words fragile mysteries –
Careful on-going best kept secret,
Dramatic as any relationship gets.

Living complex irrepressible wishes,
First date memories exotic dishes
Fretting details things in order –
Mind crossing heavens border.

Always one to acknowledge magic,
Miraculous e'er rise over tragic –
Wonder below helpfulness above,
Changing times mother love.

The worlds so in need of you,
Few believe it could come true –
If human chapter have a sequel,
Begins with redefining equal.
