Autumn enfolded thought of you,
Espresso noir tiramisu,
Rustling leaves deserted quays –
Moments where forever stays.

Somewhere written it could seem,
Incognito threads of dream –
Chance encounters diamond clasp,
Kitchen meditation yoga class.

Coincidence magic fairies and such,
Words wish violins touch –
Teardrop path the candlewax took,
Today's secrets tomorrow's brook.

Falling in love happens so fast,
Longed for saviors asleep in the past,
Dead of night talk of doom –
Save the light her flickering room.
