Ocean shoreline shadows calling,
Closing curtain moments falling,
Where fantasy and dream come true –
Time holds a place for you.

Warmth with serious imagination,
Mysterys exquisite elucidation –
Patient nurturing twilight whispers,
Perfect words translatable gestures.

Moonless night troubled curator,
River wondrous microtheatre –
While men compete celebrate war,
Tell you truly ghosts know more.

Can't explain its all too magic,
Miracle the edge of world gone tragic –
All will follow if you begin,
See possibility once again.
