

# Annie

**O**esert southwest evening scene,  
Nuanced matter piece of dream –  
Lavender sky sanguine clouds,  
Radically honest strangely allowed.

**S**hifting shadows stretching space,  
Divine poetry anthropic case –  
A terabit of time beseeching,  
Inkling some omega reaching.

**I**ntegrity in the looking-glass,  
Planetary lover networking class –  
Assertive rational ever equitable,  
Dedicated supportive imperturbable.

**S**aturns says your mission critical,  
Be organizing nurturing analytical –  
Mother host cosmic nest,  
You the caretaker perfect guest.
