

Amber

Burgundy scarf stardust threads,
Fairytale about insteads –
Secretly magic rumored real,
Near frightening what she's unsealed.

Autumn begins what her story's about,
Colors dance pumpkins shout,
Sidewalks whisper fallen leaves –
Elemental shadows weave.

Cascading river forest calls,
Unpredictable after all –
Quiet lightning unafraid to try,
Stage a moments evening sky.

hides her halo harp and wings,
Not her mercy little ones sing –
Wondrous subtle ocean fractal,
Turn your wishes into actual.
