**F**orest twilight deer unveil,  
Down pathways beyond fairytale –  
The drama unfolding in her eyes,  
Outstretches minds even angels try.

**O**pal intention/moonstone glow,  
In every scene she lets you know –  
Autumn hosting summer rains,  
Proving true the things love claims.

**S**tarring part/treasure/charm,  
Could time except fall in her arms –  
Fear doubt chains unbind,  
Friendship caring fairness find.

**B**reath of sky sip of sea,  
World in search of equity –  
Night river cello escape,  
Were this a dream who'd wish to wake.
