

Bill

Oressed in black and to the nines,
Layers of charm outside the lines –
One last check the magic mirror,
Could a dream be more clear.

Mystery/reason never abandoned,
In awe the mind beneath the random –
Spending time rethinking concepts,
Climbing the staircase white jade steps.

Passionate/dramatic/reputed secretive,
Unfolding empathy/wholly communicative –
Intriguing stories/impressionist lines,
Like heroisms other places and times.

The scene however does not look good,
The news nothing like it should –
Won't be easy to fix what's wrong,
You're going to have to be very strong.
