

Billy

Gathering notes from the Stellar dimension,
Maybe intuited or someone mentioned –
The long awaited Judge you resemble,
Presence, integrity, not one to dissemble.

Working late, getting it right,
In this never to be forgotten night –
Self-as-Separate at its pathway's end,
A mistake proving not easy to mend.

historically speaking our Species on trial,
Mythic your role/unfailing style –
Aware a thousand conflicting accounts,
For you there's Truth, evidence counts.

People, frogs, the Planet plead,
For a Change of Heart we're in need –
The pin drop Courtroom turns to you,
Confident you know what next to do.
