Catherine

Long the boulevard late October,
Graceful twilight not yet over –
Morning moonstar day kept veiled,
Be there with you never fail.

heaven's ambassador evening mission,
She the world leans to listen –
Perfect balance calming presence,
Assertive careful peaceful essense.

human yearning words can't name,
Artists still will try to frame –
Truthful enchanting innocent,
Self-creative competent.

harmonious soul honest eyes,
Integrity doesn't rationalize –
A message from her and we've a chance,
What dénouement this circumstance?
