

# Dan

**D**id someone whisper to the dice,  
Once upon a time turn twice –  
Or are we in some grand scroll writ,  
For each to judge the meaning fit.

**H**onest / playful / friendly / curious,  
Guilty of taking Camus as serious –  
Dash of surprise bewitching smile,  
Natural assertiveness easy going style.

**S**tepping past post-modernity,  
Undying hope in crisscrossed eternity –  
Sacred reciprocity wild forest deer,  
Never wishes made more clear.

**A**igned with the animals in telling scene,  
Answering what human being means –  
Makes you wonder what Polonius knew,  
When he advised, "To thine own self be true."
