**S**hips in berth along the dock,  
Sway in harmony some other clock –  
Invite you step inside the picture,  
Garden story fairytale mixture.

**N**o doubt Earth your heart belongs,  
Charged with judging right from wrong –  
Radically honest / animal lover,  
As would a flower truth uncover.

**B**eliever in logic / professor of reason,  
Intelligent / egalitarian / decisive season –  
In the shadow a pathway's ending,  
Urgent matters need attending.

**B**ack at the marina of mindfulness,  
Where inimitable and timing coalesce –  
However history got its bends,  
You can lead us toward making amends.
