**S**TARS await the setting sun,  
LIGHTS boundaries come undone –  
TO be there with you hand in hand,  
DESERT nights/canyon lands.

**E**YES to see Enlightenment's promise,  
A touch of drama/side of timeless –  
Identifying patterns/treasuring detail,  
A step outside of fairytale.

**A**UTHENTICITY/integrity/countless friends,  
SERIOUS playful scholarly ends –  
A carefulness for others feelings,  
GREATER than self in all your dealings.

**L**IGHTS dim the CURTAIN RISES,  
A complex play max SURPRISES –  
Human looking in the MIRROR,  
Do you know how deeply dear.
