

Laura

EARTH and sky shadow and light,
Summer day winter night –
Every detail finished correct,
Everyone sensing your love effect.

RECEPTION OR SOIREE same natural grace,
ARRESTING presence whatever the place –
Summing it up to be perfectly honest,
No less than A's on every test.

ROCKING the cradle steadying the boat,
Blue skies not a cloud to note –
Aware of things in mysterious ways,
Moon in business Motherspirit days.

THUS FOR YOU the flowers yearn,
The birds trees for caring turn,
The Garden sings children call –
Your Worlds in need of practical.
