Spirit of plateaus and mesas steep,
Distant prairies wide wings sweep –
Part storyteller part balancing act,
Kindness harmony magic facts.

You like order and to be direct –
Only the truth sworn to protect,
Venetian carefulness Martian friendship,
Not one to let a secret slip.

More than two sides you always say,
Feeling and judgement day by day –
Honest helpful assertive and fair,
Opal sunset evening air.

And what does Saturn say for you?
Always depends on something new,
Possibility in circumstance,
Beginning, starting, taking a chance.
