

Maggie

It began far away and long ago,
Before anything like what we know –
Galaxies, Stardust, Life tell the tale,
A role in that drama none want to fail.

Pulls back her bow, focuses, aims,
Possibility beyond sandcastle games –
Friendship/Community/with a twist,
Includes Mysteries too many to list.

Autumn winds inclined to whisper,
Might they say two gametes wished her –
Expressive, direct, optimistic, savoir,
Was it you left Heaven's door ajar?

Joy, laughter, plus some magic,
Love enough steer the Play from tragic –
Saturn suggests the key is what's Real,
What you choose/to do/reveal.
