

Matthew

SWIRL sparkling galactic nest,
Improbable garden bricoleur guest –
Moments from a twilight kiss,
Elysian pathway chrysalis.

CURIOUS CREATURE descendant dust,
Nightingale a dream could trust –
Self PORTRAIT perfect grace,
Plutonium time / origami space.

Children / dogs / anemone,
Look to him define free –
COURTROOM quiets / jury appears,
Glint of hope or angels fears.

Pretty please once more that song,
One about how we belong –
Politics this time belies,
Yesterdays magic tomorrows eyes.
