**B**rick buildings gargoyles adorn,  
Limousines buses taxis horns,  
Changing lights crowded street –  
Corner where fear and kindness meet.

**P**ast guessing others thinking,  
Peace on Earth Heaven linking –  
Mystic honesty she's in mind,  
Curtain fall time unwind.

**P**iecing together peoples' intentions,  
Social justice weather mentions –  
Calls harmonizes shelters grooves,  
Walls crumble mountains move.

**S**aving the play just might take,  
Revolution only Love can make –  
Free of competition free to share,  
Free to make a world more fair.
