Evenings finished shadow casting,
Bending minds toward everlasting –
Stillness soars in a scarlet sky,
The world in twilight Venus close by.

Clouds some strange vision spun,
Justice and peace getting actually done –
Outspoken honesty/human apparition,
Beloved judge the livings condition.

Fairness found true / freedom made free,
By your insistence on equality –
Balanced / Present / undeterred,
Warm Summer harmony river words.

Forgiveness for what others did,
The role of savior coming unhid,
Not counting cost / high price to ask –
Looks like you already figured out the task.
