

# Calio

At the soir ee thirty-third floor,  
Standing room guests walls to door –  
Windows a horizon past lights reach,  
Heavens pale blue worries beseech.

Respect freedom art chatter,  
Ethics/the weather/fundamental matters –  
Faces cross paths forest of voice,  
Faces in tender moments choice.

Dappled stillness sacred places,  
Escaping time enfolded spaces –  
Trembling strings violins ascend,  
Possibility steps from pathways end.

Woven from realms asleep in your heart,  
Key is the role you create for your part –  
By way of visions public dreaming,  
Life/death/sufferings meaning.
