**F**ROM the beginning when Chaos shattered,  
As Quarks discovered sharing Mattered –  
Through subsequent Seasons water blessed,  
Evolving complex welcomed guest.

**G**RACING this World where you belong,  
Early millennium gathering song –  
Spirit of Equality, whispered now rising,  
Centuries past the theorizing.

**A**t wood's edge where deer oft wait,  
Sparrows chatter, "Not too late –  
Things can happen in between us,  
From Hopeless create a World of Trust."

**W**eighing the risk, honest MIRROR,  
Preferring things spelled out clearer –  
As for the question, what can one do,  
Saturn answers, "Try something new."
