

Amna

Melts the moon with morning sky,
Turns complex days to evening sighs –
Sunlight clarity/intense blue,
Opalescent drops of dew.

Eye for detail/ear for fiction,
Subtle assertiveness/defies prediction –
Makes it her business to learn about home,
Tearful valleys to hallowed dome.

Untangles thinking's feelings' encryptions,
Always improving a perfect description –
Escapes categories/causal chains,
Tunes into wonder/Life's refrains.

Where you're headed no tickets bought,
Admission to know thyself ancients taught –
Make plans/keep doing your best,
Humans becoming Earth's caretaker guests.
