Tastes checks gives careful stir,
Says you can never be too sure –
Patience to burn worrisome times,
Garden soul engineer's mind.

Takes complication into account,
Smart primate discreet amount –
Deconstructs decodes organizes,
Place for everything even surprises.

Likes playing round with allegories,
Exotic flowers old categories –
Knows love means you take a risk,
Meaning of freedom can easily twist.

Digs friendships treasures fantasies,
Hope he corrects present inequities –
Not much later jury return,
Courtroom silent leans to learn.
