New Mexico in autumn time.

**M**ore attentive than expected,  
Accepts attainable prefers perfected –  
Patient organized understanding,  
Equality one thing demanding.

**M**ost times like Swiss trains,  
Other moments without names –  
Double washed triple rinsed,  
Untamed rising sun convinced.

**I**f ever we needed a change of story,  
So humans don't end up goodbye / sorry –  
What's goin' on now sure qualifies,  
We're dying for love that unifies.
