

# FRANÇOIS

**K**nows places perfect evenings go,  
Dinner before and after the show –  
Street lights, bridges, squares, the Quais,  
Where said and did forever stay.

**S**parkling gentle conversation,  
Moral values, no equivocation –  
Upward spiraling, evolution driven,  
Care and concern for the World a given.

**H**onest, patient, time passes slow,  
As only a worried heart could know –  
Half-belonging in a Kurosawa dream,  
Village of the Watermills closing scene.

**I**t's for that now the Planet yearns,  
Successful Species from mistakes learns –  
A real Mystery, how Matter's entangled,  
So how do we get our World unmangled.
