**S**omething about you the World needs,  
Your Care and Concern and where it leads –  
Equality and Altruism we can't do without,  
What a healthy Culture would be about.

**B**oarding gates where politeness reigns,  
Trust in One Another / Peace trains –  
Symmetrical purple morning glory,  
Perfectly patient though likely pre-worry.

**C**losets, writing, everything organized,  
Nothing slips by without being analyzed –  
Intellectual / Motherly / firm tenderness,  
Undaunted / taking on mankind's mess.

**C**ritical / Truth loving / respecting borders,  
Aware neath chaos an underlying order –  
Changes called for are truly mountainous,  
Multi-dimensional / time momentous.
