

Jada

Sun and venus conjunct the moon,
Conveys beauty/a timeless room –
In virgo a watchful sister's heart,
With pluto love of modern art.

Mother/partner/midwife Earth,
Aware the pain a new world's birth –
Radical eyes alive with care,
Winds of change/trouble everywhere.

Sharply critical history analyzer,
Self motivated chaos organizer –
Hears the hurting/warning calls,
From Sirius to Planck scale small.

Pulsing rhythms/scholarly mind,
Always there/always kind –
Working on the story humans to tell,
Arriving the crossroads heaven or hell.
