

Jane

Mother Earth and Edenic Stardust,
A friend to talk with, someone to trust –
Coffee, dinner, face-to-face,
Haven for promise / infinity a place.

honest, considerate, perfectly careful,
Patient, courageous, analytical –
Seeing in the Random a work of art,
Human evolutionary nurturing part.

In search of a way to progress from here,
Toward democracy / freedom from fear –
Somewhere softly a Chopin nocturne,
Could a Planet her Child more deeply yearn.

At this inflection point no one can tell,
Will we break the Self-as-Separate spell –
In case Magic's needed to help make us Whole,
Saturn would add some to your role.
