

James

Early morning rocky ledge,
Sun breaking worried edge –
Valley below heavens above,
Tried and true wings of love.

Calming skies / grace / order,
Open horizons / personal borders –
Hands to hold a baby sparrow,
Peaceful pathway straight and narrow.

Careful / takes his turn / listens,
Honest / fair without condition –
A mind to see what doesn't belong,
Heart to say when something's wrong.

Sensitive respectful correct polite,
Saturn fades into his moonlight –
Pathway up the mountain goes,
It won't be easy everyone knows.
