

Jennifer

Honestly she aces each test,
Discerning balanced greatly blessed –
Time between time gracious presence,
Assertive vein aesthetic sense.

She and Justice survey the scene,
Together they know what fairness means –
Past the sides and into the story,
Painting the horizon with wonder and glory.

She imagines Equality,
Harmony diversity symmetry –
Assigned to unmask every illusion,
Known to bring tasks to conclusion.

Evening settles twilight arrives,
Her Vision of Liberty somehow survives –
More patience and still more she needs,
For Care to come forward the mess recede.
