Nothing at all the way things seem,
Heart full of New York dream –
Strong reliable cradling arms,
Calming presence enduring charm.

Case of notions won't let go,
Justice equality fairness you know –
Hopes some swear never come true,
Longed for between me and you.

Balance symmetry wholly ensuired,
Critical analytical worried world –
Poetic earthly moment sublime,
Humans at decision time.

Imagine true peace coming about,
Everyone cared for no one out –
His part in the actual deal,
Turning the story into real.
