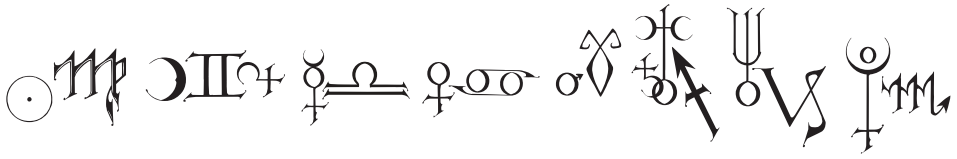
Neal



Harvest days / back to school time,
Honesty, Equality guardrail your Mind –
Carefully thought out answers to questions,
Love of Mother Earth important to mention.

Quaint café, quiet street,
Perfect place to once more meet –
Compare notes, weigh the signs,
Identify patterns, Reasoning's lines.

Thinker, reader, conversationalist,
Giving your life a subtle twist –
The umpteenth editing your on-going story,
Escaping every category.

Aiming for a World, of, for and by the People,
Stained glass, or minaret, or forest, or steeple –
Saturn proposes Self-organizing surprise,
That Trust in One Another could be on the rise.
