

ROBERT

Mounted canvas perfectly sized,
Paints, palette, pixels/organized –
How more painterly open their world,
Desire for clarity painstakingly swirled.

Tranquil lake meets sunrise sky,
What possibility earth not try –
To hold you in her caring arms,
Protect in times threatened harm.

Analytical mind/gentle heart,
Patient understanding for your part –
From the beginning emergent pattern,
Yours to define offers Saturn.

Lines/waves/curves slants,
Creative segues get past can'ts –
Life/generations/children call,
A lamb astray/you're their all.
