Crawled from the sea took to the air,
Crossing wheat fields heavens fare –
Choosing the path all hearts desire,
Reaching the end of hanging fire.

Gavel cracks courtroom thunders,
Entangled narratives enfolding wonder –
Scholarship edited mystery steeped,
Microtheatres quantum deep.

Balanced organized radically honest,
Friend of species dispossessed –
Searching a way to scale walls,
Answer to the voice that calls.

Saturn notes for truth harmonious,
Systems in lockdown games betray us –
Competition won't imagine the dove,
The measure of freedom capacity for love.
